HM 350 E **E-3**

PORT TIRES THAT OFFER MAXIMUM DURABILITY

GALAXY
APPLICATION SPECIFIC, PURPOSE BUILT.

- High tread depth
- Heat and abrasion resistant compound

HM 350 E E-3

EMPTY CONTAINER HANDLER

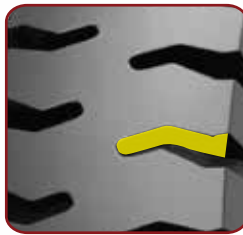

HEAVY DUTY FORKLIFT

Heavy Duty Forklifts and Empty Container Handlers are heavy equipments working on hard abrasive surfaces hence long tire life and high load carrying capacity are critical. To fulfill this need HM350E E3 tires are specially constructed with wear resistance properties to withstand the harsh port environment. Heat and abrasion resistant compound ensures long life even while working for long durations. Strong casing gives the tire strength to withstand high stress conditions.

It is an ideal tire for 8 ton empty container handler and heavy duty forklift.

Design

High lug to void ratio
Wide flat tread with high ground contact for long life

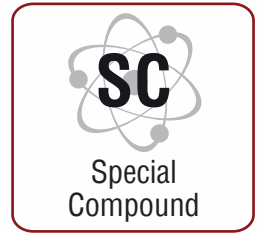

High tread depth
Long tire life under demanding conditions

Construction

Strong casing
Resists separation between plies, tread and casing-enabling smooth working under high stress port conditions.

Compound

Special Compound
Specially formulated compound ensures longer life even on the most abrasive surfaces.
