

# G611

## All Position On Road

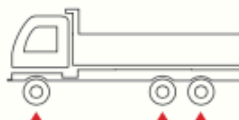

- Unique tyre design
- Low RRC
- 3 Wide circumferential grooves
- Strong V-Steel Casing
- ▶ Increased tyre life
- ▶ Increased fuel savings
- ▶ Excellent resistance to wet skidding
- ▶ Better retreadability and reliability

### TECHNICAL DATA

Size	Load Index (Single/Dual)	Speed Symbol	OTD (mm)	Standard Inflation Pressure* (kgf/sq.cm)
10.00R20	146/143	K	16.3	8.3 (120psi)

### APPLICATION CHART
